Publication No. US20030022247A1
GENERAL INFORMATION:
APPLICANT: KYOWA HAKKO KOGYO CO., LTD.
TITLE OF INVENTION: Substance which inhibits biding of information transfer molecule
TITLE OF INVENTION: for 1175-tyrosine phosphorylated KDR/Flk-1 and usages of the sam
FILE REFERENCE:
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    OTHER INFORMATION: a primer for replacing of human KDR/Flk-1 tyrosine residue at OTHER INFORMATION: position 801 to phenylalanine.
